

Payroll outsourcing

• Benefits •

Time optimization

The time spent on internal payroll by HR and Accounting departments varies according to the employee number, types of contracts, timesheets, sick leaves.

Outsourced payroll
1 h / month

Intern payroll

30-50 h / month

Integration with other HR and business processes

Timesheet integration, various HR reports, benefits etc.

Data security

The payroll data are centralized and secure. Thus the risk of data loss is eliminated.

Accuracy

The payroll process is carried out without risks for the company. The data are correctly processed every time.

Cutting costs

The costs with the professionals who do the payroll are reduced through time optimization and productivity increasing.
